RE: Contact Negotiations Update

This memo serves to update the membership on the status of our negotiations with the County regarding our expired Collective Bargaining Agreement.

We have compiled the 175 responses from the surveys that were sent out and from that list we created 11 proposals. We submitted the proposals to the County at our first bargaining session and have another meeting scheduled for the first week in July.

We are currently looking at pursuing a one year contract with the County and our proposals have limited or no additional financial impact on the County due to the current economic climate.

Further information will be forthcoming after our July bargaining session.

Please call the Union office at 331-8080 if you would like further information.
